Subject: [EXTERNAL] Fire escape removal question
Date: Monday, March 20, 2023 6:21:48 PM

Hi Yani,

We have an exterior fire escape on our church building at 717 Whedbee. People have damaged our electrical panels trying to climb up and get into the building. We either need to resecure it or remove it. We talked with the fire department and they said to talk to building services. We talked with Katy and it isn't currently needed for egress. She said to check with you because of the age of our building if it can be removed from our building. See the attached picture.
