REPORT OF ALTERATIONS TO DESIGNATED RESOURCE

Site Number/Address: 625 Remington St.

Laurel School National Register Historic District

ISSUED: April 13, 2023

ATTN: Tony Mitchell
Anthony G. & Rosalyn M. Mitchell
3531 Old Carbon Ct
Laporte, CO 80535-3012

Dear Mr. Mitchell:

This report is to inform you of the results of this office's review of proposed alterations to the Fothergill House II at 625 Remington Street, pursuant to Fort Collins Municipal Code, Chapter 14, [Article IV](#). A copy of this report may be forwarded to the Colorado Office of Archaeology and Historic Preservation as well.

The alterations reviewed include:

- Modifications to the rear of the property as part of a Downtown Development Authority alley improvement, specifically:
 - Site preparation and installation of paver alley surface with concrete curbing
 - Installation of a trash enclosure at northwest corner by historic garage
 - *Note: This office has developed a Plan of Protection with the Downtown Development Authority regarding protection of historic resources along the project site, including protection of historic accessory resources (generally garages) along the alley. Please contact Historic Preservation staff if you would like a copy.*

Our staff review of the proposed work finds the alterations do meet the SOI Standards for Rehabilitation and the project appears to be routine in nature with minimal effects to the historic resource, meeting the requirements of Article IV cited above.

Notice of the approved application has been provided to building and zoning staff to facilitate the processing of any permits that are needed for the work.

Please note that work beyond that indicated in your permit application/correspondence requires additional approval.

If you have any questions regarding this report, or if I may be of any assistance, please do not hesitate to contact Historic Preservation staff. We may be reached at preservation@fcgov.com or 970-224-6078.

Sincerely,

Jim Bertolini
Senior Historic Preservation Planner
