# IMPORTANT INFORMATION

## DISCOVER YOUR NATURAL AREAS!

Natural areas are special places to explore and treasure. The City of Fort Collins Natural Areas Department manages more than 50 natural areas encompassing over 40,000 acres and 100 miles of trails. Check the maps on pages 74-76 or visit [fcgov.com/naturalareas](http://fcgov.com/naturalareas).

Fort Collins natural areas are open from 5 a.m. until 11 p.m. except for Bobcat Ridge, Gateway, Reservoir Ridge, Fossil Creek Reservoir, and Soapstone Prairie natural areas which are open dawn to dusk. Soapstone Prairie is closed December–February.

## THANK YOU, ARTISTS!

Throughout this publication, you will notice artistic contributions by community members such as poetry, stories, and visual art. These contributions reflect viewpoints and opinions of those individuals and their personal connection with nature. We are proud and honored to feature their work in this year's *Natural Areas Explorer*!

## STAY INFORMED

Subscribe to *Natural Areas Enews*, a monthly email newsletter that includes trail recommendations, updates, and volunteer opportunities at [fcgov.com/naturalareas](http://fcgov.com/naturalareas).

## BILINGUAL ACTIVITIES INTERPRETATION AND TRANSLATION

New in 2024! Some activities in this guide offer consecutive or simultaneous Spanish interpretation. Some are in Spanish only. See pages 58-63. Simultaneous interpretation uses specialized audio equipment. This enables interpreters to convey speakers' messages in real-time without disrupting the flow of the conversation. Consecutive interpretation occurs when a speaker pauses to allow the interpreter to speak their words in another language. Translation is the act of converting written text from one language to another. If you require interpretation for other activities, or in a language other than Spanish, contact [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com) or 970-416-2815 to request an interpreter.

**ES** Any activities delivered partially or entirely in Spanish will be marked with this symbol (ES)

## ACTIVIDADES BILINGÜES INTERPRETACIÓN Y TRADUCCIÓN

¡Nuevo en 2024! Algunas actividades en esta guía se ofrecerán con interpretación consecutiva o simultánea al español. También habrá actividades ofrecidas solo en español. Consulta las páginas 58-63 para obtener más información. La interpretación simultánea se facilita mediante equipo de audio especializado, lo que permite a los intérpretes transmitir los mensajes del presentador en tiempo real sin interrumpir el

flujo de la conversación. La interpretación consecutiva ocurre cuando un hablante hace una pausa para permitir que el intérprete reproduzca sus palabras en otro idioma. La traducción es el acto de convertir texto escrito de un idioma a otro. Si necesitas interpretación para otras actividades o en un idioma diferente al español, contáctanos en [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com) o al 970-416-2815 para solicitar un intérprete.

**ES** Cualquier actividad ofrecida parcial o completamente en español se marcará con el símbolo (ES)

## ACCESSIBILITY REQUESTS

People of all abilities are welcome to participate in all programs. We are happy to make any appropriate accommodations. If you'd like to request an accommodation (language interpretation, wheelchair access, etc.) please visit the website at this QR code or email us at [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com).

If accommodations are needed for an activity, please allow two (2) weeks prior to the event to process your request and arrange the accommodation, if available.

Auxiliary aids and services are available for persons with disabilities. V/TDD: Dial 711 for Relay Colorado. This publication is available as an accessible PDF through [fcgov.com/naturalareas](http://fcgov.com/naturalareas) and can be requested in large print. If you have any questions or concerns about the accessibility of a program, please contact [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com) or call 970-416-2815 for more information.

## SOLICITUD DE ACCESIBILIDAD

Todas las personas, independientemente de sus habilidades, son bienvenidas para participar en todos los programas. Con mucho gusto haremos cualquier modificación apropiada. Si necesitas solicitar interpretación de idiomas, acceso para sillas de ruedas, etc., por favor visita el sitio web a través de este código QR o envíanos un correo electrónico a [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com).

Si necesitas acomodación para una actividad, por favor solicítala con dos semanas de anticipación al evento para que podamos procesar tu solicitud, y si dichas modificaciones están disponibles, hacer los arreglos necesarios.

Aparatos auxiliares y servicios están disponibles para personas con discapacidades. V/TDD: Marca 711 para Relay Colorado. Esta publicación está disponible en formato PDF accesible a través de [fcgov.com/naturalareas](http://fcgov.com/naturalareas) y puede ser solicitada en letra grande. Si tienes alguna pregunta o preocupación sobre la accesibilidad de un programa, por favor contacta a [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com) o llama al 970-416-2815 para más información.

## WHAT THE SYMBOLS MEAN

Accessible; wheelchairs welcome. Paved or hard-packed trails; distance is 1 mile or less with moderate inclines.

This program will be delivered partially or entirely in Spanish. *(ES) Este programa se ofrecerá parcial o completamente en español.*

Some activities are not suitable for all audiences and have age restrictions. Children must be accompanied by adults on all activities.

Some activities are specifically designed to be family-friendly and welcome all ages. Children must be accompanied by adults on all activities.

These programs are led by Natural Areas partners and require a separate website to register.

## REGISTERING AND CANCELLATIONS

Registration is required for most activities and opens 30 days before the activity. Go to [fcgov.com/register](https://fcgov.com/register) to register or call 970-416-2815 for more information about a particular event.

Activities may be canceled due to inclement weather. Check before you go! Naturalist leaders may cancel an activity in progress for safety reasons.

Check out:

- [fcgov.com/register](https://fcgov.com/register) for descriptions, registrations, cancellations, and program updates.
- [fcgov.com/naturalareas](https://fcgov.com/naturalareas) for trail closures and general information.
- Follow City of Fort Collins Natural Areas on **Facebook** for news and information.
- See photos from your favorite natural areas at [@fcnaturalareas](https://www.instagram.com/fcnaturalareas).
- Visit [trails.colorado.gov](https://trails.colorado.gov) or check the COTREX app for trail closures.

## ACTIVITY LEADERS

Volunteer Naturalists are trained volunteer educators who lead many of the activities in this guide. They love to share their enthusiasm, knowledge, and passion for natural areas. You'll have lots of fun and gain a deeper understanding of your natural areas by attending a Volunteer Naturalist-led activity.

## DOGS

For the comfort of all visitors, dogs are not allowed at any scheduled activities. To protect natural habitats, dogs must be on leash at all times at natural areas. Due to extremely sensitive wildlife concerns, dogs are not allowed at Bobcat Ridge, Coyote Ridge, Cottonwood Hollow, Fossil Creek Reservoir, Running Deer, and Soapstone Prairie natural areas.

Service animals trained to assist those with disabilities are always welcome at natural areas and at natural areas programs.

## SAFETY

The activities and events offered in this guide often take place in natural areas where you are responsible for your own safety. Outdoor activities include the potential for serious injury, death, or property loss. Choose activities that match your abilities. Be prepared for changing weather conditions. Beware of rattlesnakes, lightning, and high water. If you're not sure how to properly prepare, refer to this guide or contact us at [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com).

## LAND ACKNOWLEDGEMENT

We acknowledge and honor the lands situated within the City of Fort Collins as the original homelands of the Hinono'eiteen (Arapaho), Tsétséhéstáhesé (Cheyenne), Námúníí (Comanche), Cáuigú (Kiowa), Čariks i Čariks (Pawnee), Sosonih (Shoshone), Oc'eti S'akowin (Lakota) and Núuchiu (Ute) Peoples. This area is an important site of trade, gathering, and healing for these Native Nations. These lands are home to a diverse urban Native community representing multiple Native Nations and Indigenous Peoples. Despite forced removal and land dispossession, they continue to thrive as resilient members of our community. We are grateful for Native community members and honor the rich cultural heritage they bring to our collective community. We further recognize and value their social, intellectual, economic, and cultural contributions. The City of Fort Collins is committed to supporting, partnering, and working with the Native and Indigenous community.

# OCTOBER 2024

NATURAL AREAS ACTIVITIES

*Leaves*, by Julie Kitzes

## AT HOME

Besides enjoying your natural areas and spending time outdoors, there are lots of ways you can take action to help our environment. Check out these ideas!

### Shop Locally

This generates sales taxes that support natural areas conservation and visitor amenities.

### Plant Native Plants

Make your yard an extension of the natural areas network by planting native plants. Visit [fcgov.com/naturalareas/native-plants](https://fcgov.com/naturalareas/native-plants).

### Minimize Pollutants

Minimize pesticides and herbicides to prevent runoff that pollutes waterways and protect beneficial pollinators.

### Adjust Your Lighting

Dark skies benefit people and wildlife. Light only where you need it. Resources available at [fcgov.com/nightsky](https://fcgov.com/nightsky).

### Keep Cats Indoors

The great outdoors is no place for cats. Keep cats indoors. Learn more at [fcgov.com/naturalareas/wildlife](https://fcgov.com/naturalareas/wildlife).

### Support Air Quality & Climate

Carpool or use alternative transportation such as biking or walking.

### Create a Nature Space

Create a nature space with a *Nature in the City* grant which funds projects for residents, neighborhoods, and communities. Grant submissions are open September through October at [fcgov.com/natureinthecity](https://fcgov.com/natureinthecity).

### Reduce & Reuse

Reduce single-use plastics. These can be ingested by wildlife and they pollute waterways. Opt for reusable, recyclable, or compostable packaging whenever possible.

**THANKS FOR SUPPORTING  
YOUR LOCAL NATURE SPACES.**

## COMMUNITY SCIENCE

1

Locate / Record

2

Share Sightings

3

Discuss / Track

### eBird

Your sightings contribute to hundreds of conservation decisions, peer-reviewed papers, thousands of student projects, and help inform bird research worldwide. [ebird.org](http://ebird.org)

The purpose of this project is to continue to find fireflies in the western U.S. in unexpected places. View a map of recorded firefly sightings throughout the west, which continues to grow thanks to participation from everyday community scientists. Little is known about the life cycle of fireflies and every sighting helps researchers learn more. [nhmu.utah.edu/citizen-science/fireflies](http://nhmu.utah.edu/citizen-science/fireflies)

### iNaturalist

Every observation can contribute to biodiversity science, from the rarest butterfly to the most common backyard weed. This app shares your findings with scientific data repositories like the Global Biodiversity Information Facility to help scientists find and use your data. All you have to do is observe. [inaturalist.org](http://inaturalist.org)

WESTERN MONARCH  
MILKWEED MAPPER

Monarch populations across North America are in serious decline. To preserve and protect populations in western states, we need to better understand where monarchs and their milkweed host plants occur in the landscape. Your help is critical in collecting data to better inform conservation efforts in the western U.S. [monarchmilkweedmapper.org](http://monarchmilkweedmapper.org)

## Support the Monarchs!

Some Monarch Butterflies undertake an incredible migration, traveling between 50-100 miles a day to breeding areas, and some of them land in Northern Colorado for the summer. You can support them by adding milkweed to your garden. Milkweed, a Colorado native plant, is the only food monarch caterpillars will eat and where monarch butterflies lay their eggs.

Learn more about butterflies at <https://xerces.org/> or the Gardens on Spring Creek in Fort Collins <https://www.fcgov.com/gardens/butterfly-house>

### Map Key

### How to Identify Milkweed

### Create a butterfly garden

In addition to planting milkweed for the caterpillar stage, consider planting a garden for all stages of the monarch's life including blazing star (*Liatris ligulistylis*), golden rod (*Solidago*), and others that can be found in the native plant database below.

You can also add a shallow dish of water to help the butterflies find a drink.

**Swamp Milkweed**  
*Asclepias incarnata*

**Butterfly Milkweed**

## ON THE TRAIL

### YOUR STEWARDSHIP CHECKLIST

There are plenty of ways to give back!

### PLAN AHEAD AND PREPARE

- ✓ Use the checklist on page 70. Natural areas can be busy, so check parking lot webcams at [fcgov.com/naturalareas/status](https://fcgov.com/naturalareas/status) before you go.
- ✓ Check trail status before you go—sometimes we must close trails. Visit lesser-known natural areas and visit at less crowded times. See [trails.colorado.gov](https://trails.colorado.gov) or COTREX app for closures.
- ✓ Visit in the mornings, evenings, or on weekdays.

### TRAVEL ON DURABLE SURFACES

- ✓ Don't create new trails! Using the same path minimizes ecological impacts. If it's muddy, respect trail closures and visit a paved trail instead.

### DISPOSE OF WASTE PROPERLY

- ✓ Use the trash and recycling containers at trailheads.
- ✓ If the trash can is full, pack out your own trash.
- ✓ Restrooms are at trailheads and some interior locations.
- ✓ Scoop your pet's poop and deposit in trash can to prevent water pollution.
- ✓ Pick up litter—become a Natural Areas Adopter at [fcgov.com/naturalareas/long-term-stewardship-opportunities](https://fcgov.com/naturalareas/long-term-stewardship-opportunities).

### LEAVE WHAT YOU FIND

- ✓ Allow others a sense of discovery. Don't collect any items. Leave everything as you found it.

### NO FIRES ARE ALLOWED IN NATURAL AREAS

- ✓ Attend a campfire activity in this guide instead! See page 31.

### RESPECT WILDLIFE

- ✓ Allow wildlife to thrive in their home and habitat by giving them space and not feeding them.

### BE CONSIDERATE OF OTHER VISITORS

- ✓ Be aware of other visitors and follow trail etiquette: Bikers yield to horses and pedestrians. Pedestrians yield to horses.

Protect wetlands, waterways,  
and riverbanks... they protect you.

City of Fort Collins

## AT NATURAL AREAS

Natural areas are yours to enjoy and explore, and as stewards it is our responsibility to care for these special places. With more than 40,000 acres and more than 50 natural areas, there is a lot to care for!

### PICK IT UP FOCO

Want to take your impact to the next level? Lead your own trash clean-up.

- Clean up our city before trash makes its way to the Cache la Poudre River.
- Help us better understand issues around trash and single-use plastics in our city.
- Remember—if your group of enthusiastic eco-stewards is larger than 15 people, you'll need a permit. More information on the Pick It Up FoCo website.
- Visit [fcgov.com/volunteer/trashpickup](https://fcgov.com/volunteer/trashpickup) for more information.

## NATURAL AREAS STRATEGIC FRAMEWORK

THE GUIDE TO CONSERVATION AND STEWARDSHIP

**What do you want for the future of your natural areas?** For over 30 years, the Fort Collins and Larimer County community has prioritized natural areas conservation. Now, your voice will guide the future forward with a planning document called the Natural Areas Strategic Framework. Your perspectives will help the City embody community-driven conservation and stewardship.

Learn more and share your feedback at [ourcity.fcgov.com/natural-areas-strategic-framework](https://ourcity.fcgov.com/natural-areas-strategic-framework)

¿Cuáles son tus deseos para el futuro de tus áreas naturales? Por más de 30 años, la comunidad de Fort Collins y el Condado de Larimer ha priorizado la conservación de las Áreas naturales. Ahora, tu voz guiará el futuro en el documento de planificación llamado Marco estratégico de las Áreas naturales. Incorporando tus puntos de vista, la Ciudad podrá hacer realidad un plan de conservación y protección impulsado por la comunidad.

Para más información y para compartir tus puntos de vista, visita el sitio: [ourcity.fcgov.com/marco-estrategico-de-areas-naturales](https://ourcity.fcgov.com/marco-estrategico-de-areas-naturales)

## EVENTS WHERE YOU CAN SHARE FEEDBACK

### SUMMER BIKE TO WORK (OR WHEREVER) DAY

Every June, Colorado celebrates Bike Month and here in Fort Collins the community loves anything that highlights and promotes people who ride bicycles. Stop by the Natural Areas station for a yummy breakfast and swag. Learn more at [fcgov.com/bicycling/bike-to-work-day](https://fcgov.com/bicycling/bike-to-work-day).

- **Wed. June 26**

### POUDRE RIVER FEST

The Poudre RiverFest is a free, family-friendly festival that celebrates the Poudre River, promotes restoration, and educates the community about the river corridor. The festival features activities for children and adults to explore the role of the river as an important habitat for wildlife, a lively recreation area, and a source for clean drinking water. Learn more at [poudreiverfest.org](https://poudreiverfest.org).

- **Sat. Aug. 10 • New Belgium Brewing**

### OPEN STREETS

At Open Streets, participants can enjoy 1-2 miles of car-free, family-friendly streets. Listen to live music, engage in arts and culture activities, and connect with local organizations and businesses. Learn more at [fcgov.com/openstreets](https://fcgov.com/openstreets).

- **Sun. Sept. 15, 10 a.m. to 3 p.m.**  
Shields St. from Mountain Ave. to Prospect Rd.

## Rachel the Prairie Dog's Adventures – Part 1

by Bill Walton

Hi everyone! My name is Rachel and I'm a black-tailed prairie dog. I live in Coyote Ridge Natural Area, and I see lots of human families looking at me every day! Did you know that prairie dogs have families, just like you? In fact, we are the only animals in the world that live in permanent family homes in large colonies.

My prairie dog family is called a coterie. Typically, that consists of one mature male and three mature females and lots of youngsters. All the mothers will help take care of all the babies. But just like in human families, not all prairie dog families look the same. Some have only one prairie dog, or no males! Some have two mature males.

Our coterie covers an acre of prairie and we have about 70 burrows (tunnel entrances). Learn more about our homes on page 71. Thanks for learning about my family with me!

## VOICES OF THE PAST

For over 10,000 years, northern Colorado has been a great place to live. Discover people of the past who have lived in and shaped our community.

We recognize that the stories we are sharing in these activities are from a dominant settler cultural perspective, which is not the full story. We continually strive to include the histories and voices of diverse communities. While our knowledge is currently limited, efforts are underway to hear from diverse perspectives that are not yet represented in our activities. These efforts take time, trust, and relationship-building.

We acknowledge and honor this area as the original homelands of the Arapaho, Cheyenne, Comanche, Kiowa, Pawnee, Shoshone, Lakota, and Ute Peoples. The places where these activities are held are important sites of trade, gathering, and healing for these and other Native Nations. We hope you will experience a deep connection to this land and contribute to its stewardship with a sense of respect and responsibility.

## Ghazal for Open Space

by Erica Reid

*A ghazal is a poetic form that repeats a refrain (in this case, "open space") and a rhyme (in this case, "before," "adore," etc). Each couplet acts independently, and the poet often hides their name in the final line.*

A city-heart trembles before open space  
and, over time, comes to adore open space.

Goshawks turn cartwheels that shadow the trail,  
making it difficult to ignore open space.

The pronghorn, gazelle-like, meanders the grass  
of the prairie, seeking out more open space.

Cormorants pose in dramatic black gowns—  
haughty, as though they abhor open space.

A fawn tucks in tight, hides her spots from the light.  
Before long, she'll grow and long for open space.

An osprey snags fish in a dive like a prayer.  
The river slips her banks to restore open space.

Winter heath (*Erica carnea*) and May Night wood sage  
slide their bright, showy notes through my door's open space.

## JUSTICIA LINGÜÍSTICA

La Ciudad de Fort Collins valora la inclusión y se asegura de que todos tengan acceso equitativo a la información y a los servicios, independientemente del idioma que hablen. Estas son algunas de las iniciativas en Áreas naturales que están en marcha:

- Publicaciones semanales en redes sociales en español
- Un nuevo volante que ofrece una visión general de las Áreas naturales en español y árabe
- Un nuevo Formulario de solicitud de accesibilidad en inglés y español para cada actividad
- Más actividades bilingües en 2024; consulta la página 60
- Personal y voluntarios bilingües dedicados a facilitar la comunicación y participación para todos los visitantes. Si estás interesado en ser voluntario, por favor comunícate con [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com)

Junto con miembros de la comunidad y colaboradores, el departamento de Áreas naturales se esfuerza por crear espacios inclusivos donde cada voz sea escuchada y entendida. ¡Acompáñanos en este viaje!

## LANGUAGE JUSTICE

The City of Fort Collins values inclusivity working so that everyone has equitable access to information and services, regardless of the language they speak. Several Natural Areas initiatives are underway:

- Weekly social media posts in Spanish
- New flyer offering an overview of Natural Areas in Spanish and Arabic
- A new Accessibility and Accommodation Request Form in English and Spanish for each activity
- More bilingual activities in 2024; see page 60
- Bilingual staff and volunteers dedicated to facilitating communication and engagement for all visitors. If you are interested in volunteering, please reach out to [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com)

Together with community members and partners, Natural Areas is striving to create inclusive spaces where every voice is heard and understood. Please join us on this journey!

## ACTIVIDADES EN ESPAÑOL Y BILINGÜES

Las siguientes actividades se ofrecerán con interpretación simultánea o consecutiva al español, o serán dirigidas por personal bilingüe. La interpretación simultánea se facilita mediante equipo de audio especializado, lo que permite a los intérpretes transmitir los mensajes del presentador en tiempo real sin interrumpir el flujo de la conversación. La interpretación consecutiva ocurre cuando el presentador hace una pausa para permitir que el intérprete reproduzca sus palabras en otro idioma. La traducción es el acto de convertir texto escrito de un idioma a otro.

Si estás interesado en asistir, por favor envía un correo electrónico a [naturalareas@fcgov.com](mailto:naturalareas@fcgov.com).

### SESIÓN DE YOGA: SIMPLEMENTE SER

## Sol Invictus

by Roxanne Griffin 12/2023

Come winter solstice  
that we may linger a while longer in moonlit stillness.  
Let us connect to the time-link of our Neolithic ancestors  
and dance before the fire in age-old tradition.  
Let us kindle our kinship  
with a banquet of family, friends and food.

Let us come together on common ground  
to find our Stonehenge, our sun dagger within  
that whispers darkness is not something to despair  
but to celebrate. To shed our fears and sorrows  
knowing that in the absence of light,  
therein lies the sleeping seeds of tomorrow.

Seeds of every rainbow color, shape and size.  
Seeds that seek and reach and teach.  
Seeds that purify, amaze and nurture.  
Seeds with wings that give flight to bird songs.  
Seeds that spring forth from our treasured earth,  
reminding us to protect all its worth.

# PLAY IT SAFE ON THE RIVER

THIS INFORMATION COULD SAVE YOUR LIFE!

## WEAR A LIFE VEST

- ✓ No pool toys—they won't hold you up.
- ✓ Wear shoes and a helmet.
- ✓ Don't tie anything to yourself or your vessel. It could drown you.

## KNOW WHERE YOU ARE

- ✓ Take a map!
- ✓ Plan your take-out location before you get in.
- ✓ Pay attention and follow all warning signs.

## BE COURTEOUS

- ✓ Don't leave trash in or near the river. Look for trash and recycling cans in parking lots.

## SHARE THE RIVER

- ✓ Give other boaters and anglers plenty of space.

## SAFE TO GO?

- ✓ Know the weather and water conditions. High flows are unsafe. [fcgov.com/floodwarning](https://www.fcgov.com/floodwarning)
- ✓ This water is melted snow—it's always cold.
- ✓ Avoid logs, branches, rocks, and debris. They can drag you under.
- ✓ Your risk-taking endangers the lives of rescuers.

## FLOAT SOBER, FLOAT SAFE

- ✓ Alcohol and drugs including marijuana, impair judgment.

## IF YOU'RE IN THE WATER

- ✓ Don't stand up in the river; avoid foot entrapment.
- ✓ Get on your back with feet pointing downstream. Keep your toes out of the water.
- ✓ Use your arms to paddle to shore.

**HAVE A SAFE TRIP!**

**IN CASE OF EMERGENCY, CALL 911.**

## WHAT TO BRING

Having the right things with you will help make your natural area visit a success. Use this checklist as a guideline to help you pack for a day outdoors.

- ☐ **Map and Compass, a GPS System, or Your Phone:** Not all natural areas have good reception, see the box below for more information. A natural areas map is at [fcgov.com/naturalareas](http://fcgov.com/naturalareas) and at trailhead kiosks.
- ☐ **Water:** Pack more than you think you'll need and drink before you feel thirsty.
- ☐ **Trail Food**
- ☐ **First Aid Kit:** Include a space blanket if you have one.
- ☐ **Layered Clothes and Rain Gear:** Be prepared for sudden changes in weather.
- ☐ **Flashlight**
- ☐ **Repair Kit:** This may include duct tape, multi-tool, etc.
- ☐ **Sun and Bug Protection**

Visitor safety is important to the Natural Areas Department. Bobcat Ridge, Soapstone Prairie, and Gateway natural areas have little to no cell phone coverage. Call boxes are available in case of an emergency. See locations and details below:

- **Bobcat Ridge Natural Area** usually has cell phone coverage in the higher elevations. The call box is in the parking lot.
- **Soapstone Prairie Natural Area** has more cell phone coverage towards the North Parking Lot. The call box is at the entrance gatehouse near the South Parking Lot.
- **Gateway Natural Area** never has coverage. The call box is located before the gatehouse at the entrance

## Rachel the Prairie Dog's Adventures – Part 2

by Bill Walton

Hi again, it's me, Rachel the black-tailed prairie dog. I'm here to teach you all about prairie dogs! We learned about coterries, or prairie dog families on page 29, and now I'd like to share more about our homes.

Our family home is about an acre of prairie, and we have around 70 burrows, or tunnel entrances. Some are so long and connected to other tunnels that our young ones get lost while playing underground! We live deep in the ground where it's cool in summer or winter. We never visit the other colonies because our dominant male patrols our property and gets in minor fights sometimes with the other males next door.

Thanks for learning about prairie dogs with me.

## PRIMROSE STUDIO

Primrose Studio is a secluded lakefront event venue perfect for meetings, retreats, and small classes. With no shortage of beautiful scenery and wildlife viewing opportunities, this special place has a remote feel without sacrificing amenities like reliable WiFi, state of the art audio/visual capabilities, and a full kitchen.

- Standard Rental: \$50 per hour
- Non-profit/Government Rental: \$30 per hour
- Four-hour minimum required

Learn more during the special event on Tue. July 30 (pg 65) or at [fcgov.com/naturalareas/primrose](http://fcgov.com/naturalareas/primrose) or call 970-416-4265.

## THANK YOU!

The activities in this booklet and the conservation and stewardship of City of Fort Collins natural areas are made possible by Fort Collins and Larimer County voters. Community-initiated sales tax ballot measures dedicate funds for land conservation, trails, shelters, restrooms, parking lots, and educational activities. Thank you!
