

City of Fort Collins

Immigration Legal Fund 2023-2024

Request for Proposals

1. Overview/Background

- **What is the Immigration Legal Fund?**

The Immigration Legal Fund grant was approved as a pilot program by Fort Collins City Council in 2021 and received additional funding through the budgeting process to continue the program in 2023 and 2024. The Immigration Legal Fund provides funding to community partners, nonprofit organizations and/or legal service providers to offer residents wraparound, holistic immigration legal services to meet the most urgent needs, reach the greatest number of impacted community members, and build trust in the immigrant community. \$250,000 in grant funding per year in 2023 and 2024 to be used for immigration legal services is available from the City of Fort Collins through this competitive application process. Grants will be awarded under the Immigration Legal Fund for services from January 2023 through December 2024.

Unmet Need in Fort Collins

The estimated unmet need for legal services in Fort Collins is 75 and 100 detention and deportation cases per year and 400 per year for affirmative cases such as DACA, naturalization, or legal permanent resident cases. Through the Immigration Legal Fund pilot, grant recipients identified additional unmet need of at least 25 cases per year in need of legal services supporting victims of human trafficking, victims of crime, and victims of violence against women. Immigrant community members continue to emphasize that the lack of access to affordable legal services and representation are the biggest barriers to successful integration for immigrants in Fort Collins.

Fort Collins Immigrant Community Demographics

Fort Collins has an immigrant community of more than 11,000 people or 6.8% of the total population. Approximately 4,500 Fort Collins residents are currently not United States citizens. 2,200 residents are eligible for naturalization and the remaining 2,300 non-citizen immigrants are estimated to be undocumented and at risk for detention and deportation. 15% of children in Fort Collins live with at least one immigrant parent and 75% of these children are themselves US citizens.

- Status or outcomes of the cases or hearings

- Number of Fort Collins residents released on bond from an immigration detention facility during the program
- Number of referrals to the program by other participants
- Percent of participants who feel they are safer due to the legal services and resources provided by grant recipients
- Percent of participants who are more knowledgeable about their pathways to citizenship or lawful presence after the program
- Percent of participants reporting greater likelihood of accessing City or community resources due to the program
- Number of hours spent or average hours per case
- Client demographics including length of residency in Fort Collins (and other demographic information to be determined collaboratively by the City of Fort Collins and grant recipients)
- Individual or organizational stories of impact
- Number of individuals that are eligible for services turned away due to lack of capacity
- Number of individuals turned away due to ineligibility for the program and grounds for ineligibility (if known or reasonably ascertainable)

5. Evaluation Criteria

- What will the grant review panel prioritize in selecting grant recipients?

The grant review panel will be made up of immigrant community members, immigration and social justice advocates, attorneys focused on access to justice, and City Staff.

The grant review panel will prioritize applications that demonstrate the following best practices for publicly funded immigration legal services:

- **Wrap-around, holistic services to meet the most urgent needs**

Examples:

- Direct legal representation for the lifecycle of immigration cases
- An emphasis on legal services for deportation and detention cases
- Assistance with affirmative cases like DACA, SIJS, Asylum and Refugee Status, Visa Renewals, Violence Against Women Act protections, Family Petitions, Labor/Work Permit-Related Cases, Naturalization, Temporary Protected Status, Lawful Permanent Residency, and Family Reunification

- **Reach the greatest number of impacted community members**

Examples:

- Support for legal pathways to citizenship and lawful presence through innovative direct and indirect engagement
- Legal Advice & Consultations through legal clinics

- **Building trust in the immigrant community through ongoing self-advocacy and program support**

Examples:

- Education and outreach that includes leadership and empowerment training to improve self-advocacy
- Focus on outcomes-based program metrics (program accomplishments like improvements in community safety) rather than output-based metrics (participant numbers or number of cases resolved)
- Know Your Rights Trainings in detention centers and embedded in local immigrant communities
