FOSSIL CREEK TRAIL

Ribbon Cutting

Join us in the unveiling of the newest addition to Fort Collins' recreational trail system.

This 1.7 mile paved recreational trail is the final segment of the Fossil Creek Trail, extending from College Avenue to Shields Street and the Cathy Fromme Prairie Natural Area. This trail also provides a connection to the recently completed Long View Trail and Loveland.

The ribbon cutting will take place on the west side of the BNSF Railway tunnel underpass at 10 a.m.
