Due to COVID-19 there will be no Trips & Travel this season.
Dear Recreators,

As I am sitting down to write about recreational opportunities, I need to pause and reflect on what is going on right now in our city, our country, and our world. With both the impacts of COVID-19 and the crucial conversations addressing racism and equity, we truly are in unprecedented times. As we slowly have begun to reopen recreation facilities, we want to remind everyone that the safety of our guests and staff is top priority. New safety and prevention measures are built into every area of the recreation experience, from facility entry, to staff interactions, to class structures, to cleaning protocols. Additionally, as financial and economic impacts continue, we will be modifying hours, schedules and facility availability. I thank you in advance for your understanding and patience as we adapt and transition in an ever-changing environment.

As we developed programs for this fall, our team has diligently followed current public health recommendations regarding physical distancing and size of gatherings. As a result, there will continue to be capacity limits in facilities and programs. We will continue to change our schedules, procedures and protocols as needed and will communicate all changes to schedules or Recreator programming through social media (@FCParksandRec), online at fcgov.com/recreation, and through posted information at our facilities.

Equity and inclusion are frameworks to accomplish the City’s goals of sustaining an environment where residents and visitors feel welcomed, safe, and valued in the community. As an organization, we seek to exemplify the highest standards of ethical behavior, provide outstanding service to diverse customer needs, and embody a culture of health, safety and wellness for everyone. Recreation offers a reduced rate program for residents of Fort Collins to participate in our programs. We also offer our Adaptive Recreation Opportunities division which assists guests with special needs to be able to participate in any of our programs. Visit fcgov.com/recreation for more information on these programs.

To reduce costs and ensure our information is as accurate as possible, this fall we will only be sharing the Recreator online, with reminder postcards going out to all our participants. If you did not receive one of these postcards and wish to receive one in the future, please fill out the subscription form at fcgov.com/recreation. We will also have limited print copies of the Recreator available at the front desk of open facilities. Please visit fcgov.com/recreation or @FCParksandRec on Facebook and Twitter for updates on hours of operations, program offerings and registration dates.

On a final note, I want to take a moment to assure our guests, we are thrilled to have our recreation facilities and programs up and running again. Please remember when visiting our centers to practice physical distancing and wear a face covering, especially in our common areas and meeting rooms. Our goal is to keep our community safe while providing recreational services and we need your assistance to do this successfully.

I hope you will take a moment to browse the Fall Recreator and sign up for your favorite activity - we cannot wait to welcome you back!

In the meantime, take care of yourselves and stay well.

Bob Adams, Director of Recreation

Here in Northern Colorado we are blessed with a myriad of recreational opportunities. From hiking and biking, to skiing and swimming, we live in a community that values recreation. We are also fortunate to have a large number of youth sport opportunities. Sports can help build confidence, positive self-esteem, and strong work ethic. Participating in a sport can also aid in teaching valuable life lessons, from how to learn from mistakes, to becoming humble winners and gracious losers.

The City of Fort Collins Recreation Department’s facilities play host to several community groups, clubs, and organizations who make use of the spaces for recreational practice. Some of these groups include Colorado State University, Fort Collins Curling Club, Vortex Swim Club, and Fort Collins Area Swim Team (FAST).

The P&R Board would like to highlight FAST, while also recognizing other local user groups. FAST has a long tradition of teaching the sport of swimming to children and adults alike at Edora Pool Ice Center (EPIC). FAST athletes have accomplished many amazing goals in the sport including joining the US National Team, the US National Junior Team, qualifying for Olympic Trials, as well as State Championships. Each athlete is encouraged to develop a lifelong love of the water, resulting in many Fort Collins graduates continuing their swim careers in the collegiate ranks.

Through participation in sports programs children gain lifelong skills both individually and through working with a team. For example, swimming has the unique advantage of being both an individual and team sport. As an individual sport, athletes of all abilities can set and work toward their own goals - from completing a 100-yard event to swimming at the Olympic Trials. Athletes learn that hard work and dedication pay off. As a team sport, participants make lifelong friends and learn to encourage and support one another.

FAST is also unique in governance. The team is not privately owned or for-profit, but is managed by a board with a non-profit mission to support the swimming community of Northern Colorado. This community focus leads to FAST’s close relationship with both summer swim teams and local high school swim teams, promoting swimming for both sport and safety throughout our community.

The Parks and Recreation Board would like to recognize the Fort Collins Area Swim Team for its 32 years in our community. With hundreds of swimmers, of all ages and abilities, there is space for everyone at FAST.

*Michael Novell, Parks and Recreation Board Member*
Recreation Facility Regulations
To ensure a safe and welcoming atmosphere, all guests are expected to follow posted Recreation Facility Regulations when visiting City of Fort Collins Recreation facilities. The regulations are posted at each recreation facility and available online at fgcov.com/recreation/regulations.

COVID-19 Information
The City of Fort Collins is working closely with federal, state, and local public health partners to monitor ongoing changes and developments related to COVID-19. Guests to Recreation facilities should follow all posted signage regarding COVID-19 safety, which will align with guidance provided from public health partners including:

• Maintaining physical distance
• Wearing face coverings
• Frequently washing hands or using sanitizer
• Washing high-touch surfaces
• Staying home if you are sick or exhibiting any symptoms of illness

Visit fgcov.com/eps/coronavirus for additional information regarding the City of Fort Collins’ emergency response to COVID-19.

Recreation Guidelines
Children under the age of 8 years must be accompanied by a parent/guardian (at least 15 years of age). The parent/guardian must pay admission and be actively participating with the child, unless otherwise noted in the program description.

Children 6 years and older are required to use the appropriate locker room. Use of the family locker room is permitted.

Patrons must pay an additional drop-in admission to use the facility outside of usage of class or private lessons.

Lockers are available while utilizing the facility. Please bring a lock; the City of Fort Collins is not responsible for lost or stolen items. Anything left overnight in the locker room will be removed and locks left on will be cut. Locker rooms close 15 minutes after the pool closes (where a pool is on-site). Parents must have children picked up when facilities are closed.

To teach private lessons, coach, or provide pool therapy in any facility, a contract must be completed and approved by the Recreation Department prior to any private teaching/therapy/coaching.

Aquatics, Ice Skating & Sports Registration Policies
If the class you wish to register for is filled, you may place your name on a paid waiting list. We attempt to accommodate demand by adding new classes; however, they may not be at the same time/day as the waiting list class. Classes that do not meet the minimum may be canceled or combined.

Mulberry, & EPIC Pools
Children under the age of 8 years must be accompanied by a parent/guardian (at least 15 years of age). The parent/guardian must pay admission, wear a swimsuit, and actively participate in the water with the child.

Clothing appropriate for swimming is required; no cutoffs or thongs allowed in any pool. T-shirts are allowed.

All patrons are required to shower before entering any pool.

As the impacts of COVID-19 continue to effect our world, we are working to educate, adapt, and prepare ourselves to provide services and programs for the community as safely as possible.

While things will look a little different for now, here’s how we are supporting health and safety at every facility:

- limited class offerings
- modified hours and locations
- smaller class sizes
- reduced amenities
- increased cleaning and sanitation practices
- physical distancing protocols
- face covering requirements
- online booking and limited contact during check in

As we continue to adapt to the changing guidelines regarding COVID-19, safety for visitors and staff remains top priority.

Visit fcgov.com/recreation for more details.
ADAPTIVE RECREATION OPPORTUNITIES

The Adaptive Recreation Opportunities (ARO) program provides quality and equal opportunities for recreation and leisure to community members with disabilities. ARO offers healthy, fun, and educational experiences through three service areas: Inclusion Support, Specialized Adaptive Programs, and Transition Support.

Inclusion Support
Individuals of all abilities and ages are welcome to participate in any program listed in the Recreator. If you are interested in participation support due to a disability, or other support need, requests should be made two weeks prior to program start date.

Specialized Adaptive Programs
Designed to meet the unique needs of individuals with physical, intellectual, developmental, and/or emotional disabilities. Specialized Adaptive Programs include trained staff, modifications, and adaptive equipment to provide optimal participation and quality experiences. Personal care is not provided in these programs, but attendants are welcome. See section below on Attendants.

Transition Support
ARO offers assistance in recreation and leisure choices so you can be as independent as possible. A therapeutic recreation professional helps develop your personal Passport to Recreation profile with discussion of your strengths, needs, and interests.

Attendants
Individuals who are not independent in activities of daily living or who need extra supervision may participate with a personal care attendant. There is no fee for personal care attendants unless otherwise noted. Attendees need to register separately and note whom they will be assisting. Notify ARO staff to coordinate the support plan prior to class start date.

Volunteer
Whether assisting with a few events or being a weekly inclusion support partner, volunteers are always needed to help support individuals. Training is provided. To apply, visit engage.fcgov.com/d/a or contact Becca Heinze at 970.224.6125, bheinze@fcgov.com.

All programs are hosted at The Farm unless otherwise noted. Classes in which parents are required to attend are listed with 

**Adopt an Animal**

Anyone can adopt an animal at The Farm and become its parent. As an adoptive parent, your contribution helps provide food and care of an animal.

It’s easy to adopt; choose your favorite Farm animal and adopt it for a year by making a tax-deductible donation. Parents receive an adoption certificate and their name listed at The Farm. All adoptive parents are invited to a special event at The Farm in December.

Your adopted animal stays at The Farm where it is cared for, but welcomes your visit regularly. Please note, some of the animals are sold when they reach maturity.

For more information and to fill out an adoption form, visit fcgov.com/thefarm.

DONATING PLASMA FOR COVID PATIENTS COULD HELP IN FIGHT AGAINST DEADLY VIRUS

Hospitals and blood donation centers are seeking plasma donors immediately to help patients who have COVID-19.

By: Kati Blocker, UCHealth

JULIE CHRISTEN,
a labor and delivery nurse for the last 28 years, witnesses life’s miracles almost every day.

“It never gets old to me — to see a brand new baby enter this world — everyone is a miracle,” said Christen, a nurse at UCHealth Poudre Valley Hospital in Fort Collins.

And now — as someone who’s fought off COVID-19 — she has another opportunity to assist others by donating her plasma in hopes of helping COVID patients.

Christen tested positive for COVID-19 in March, and she now has antibodies against the virus in the plasma component of her blood. That convalescent plasma, or CCP, is being used to treat other patients with COVID-19.

On April 29, Christen donated plasma at UCHealth Garth Englund Blood Donation Center in Fort Collins.

“It’s perfectly safe to donate blood, and a little time and discomfort — if it can save someone’s life — is totally worth it,” she said.

Convalescent plasma is one treatment option available to help doctors tackle the novel coronavirus. People who convalesce (recover) from COVID-19 have antibodies to the virus, and early research shows that these antibodies, if transfused into a person suffering from COVID-19, may boost that person’s immune system and help them battle the invasion.

“Conceptually, it makes a lot of sense, but we are somewhat in the research realm,” said Dr. Steven Schuster, a hematologist and medical director of oncology research for UCHealth in northern Colorado, who is helping coordinate the process from the provider side.

The use of convalescent plasma as a COVID-19 treatment falls under the FDA’s Expanded Access Protocol, which provides a pathway for patients to gain access to investigational therapies for serious diseases or condition for which there is no comparable or satisfactory therapy options available outside of clinical trials, according to the Colorado Convalescent Plasma Consortium.

“There is early evidence that if someone has had (COVID-19), becoming a donor for this product could potentially help three to four patients,” said Dr. Michael Walts, medical director for Garth Englund. “We are collecting that data as to how often (CCP) is used and what other factors are involved, as we just don’t know.”

However, he said, past research shows that the potential benefits of CCP for a person fighting COVID-19 outweigh small risks associated with a blood transfusion. With past use of convalescent plasma for other coronaviruses, such as SARS and MERS, as well as H1N1 (2009), there has been no evidence of transmission of this type of respiratory virus by transfusion, Walts added. And with H1N1 (2009), transfusion of the plasma appeared to reduce mortality rates.

To prevent spreading the novel coronavirus between COVID plasma donors and others at the center, the FDA is requiring that donors have a negative COVID-19 test or have waited 28 days after their symptoms subside to be eligible to donate convalescent plasma.

ICE SKATING

Learn to Skate USA
Anyone enrolled in the Learn to Skate program at EPIC is eligible to sign up for a United States Figure Skating (USFS) program membership. This is an optional registration offered for an additional fee giving the participant access to membership privileges in USFS. Membership with USFS is not required to participate in the Learn to Skate program at EPIC. Additional information is available at learntoskateusa.com and during all Learn to Skate classes.

General Information
All Ice programs are held at EPIC unless otherwise noted. Lessons are taught by Certified Professional Skater Association (P.S.A.) instructors and are in compliance with the United States Figure Skating Association.
Parents may observe lessons from the upstairs bleachers; it is distracting and creates an obstruction for skaters and coaches to have parents at the gate or in the hockey boxes.
Parents are welcome to skate with their child during the 15-minute practice time. Individuals are not allowed on the ice with shoes, however, EPIC's rental skates are available to parents during this time for free.

Our student to instructor ratio is one instructor for every 10 students. Any Snowplow Sam, Basic 1, or Basic 2 classes greater than 10 students include an additional assistant. Minimum for all classes is 5 students; class levels may be combined to meet this minimum.
Skating lesson are 30-minutes in length plus a 15-minute practice time, which may be before or after the lesson depending on scheduling.

Instructors have time in between classes to talk to parents and address their concerns. Be aware that some levels need to be repeated to master skills. Please see your coach with any concerns.
The first day of each lesson is generally termed as Level Evaluation Day. On this day, instructors evaluate all participants in their assigned classes to make certain they have been correctly enrolled; if there is a problem, the instructor will discuss the best course of action with the parent. Students are moved if there is space available in the appropriate level of class.

There are no make-up lessons for missed skating classes.
If the class you wish to register for is filled, you may place your name on a paid waitlist. We attempt to accommodate the demand for skating lessons by adding new classes, however they may not be at the same time/day as the wait list class.
If you are unable to attend the last day of classes for testing, request a progress card from your coach on the last day you attend.

Proper Attire Includes:
• Helmet (not provided; required for Snowplow Sam 1-4, and strongly recommended for beginners)
• Gloves (thin, not ski mittens)
• Fleece or light weight jacket
• Skating dresses with tights or leggings/pants that are easy to move in
• Loose or bulky clothing is not recommended

**Volunteer Coaching Criteria**
All youth sports coaches must know the fundamentals and rules of the sport for which they are coaching. Coach trainings are offered and it is expected for volunteer coaches to attend in order to enhance coaching abilities and know the rules and philosophy of the program.

Before being approved to coach, all youth sport coaches must participate in a background check and complete a concussion certification, conducted by the City, on an annual basis. Background checks remain confidential and are valid for one year. The City of Fort Collins reserves the right to deny anyone to coach based on the results found in the background check, or any coach that the City does not believe will follow our recreational philosophies.

Volunteer coaches are expected to act in the best interests of young athletes and agree to follow the guidelines and polices of the City of Fort Collins Recreation Department.

For more information about coaching, call 970.416.4297.

**Online Sports Schedules & League Rules**
All youth sports schedules and league rules are located online through Team Sideline. See page 54 for more information.

---

**YOUTH SPORTS**

**General Information**
Registration closes approximately two weeks prior to the listed start date of the program.
Teams are split up by staff at random, not by special requests, or registration dates. Special requests are not guaranteed.

Coach meetings are scheduled 1-2 weeks before the program start date. Coaches contact teams directly to establish practice dates and times after the coach meeting.

Tournaments are only played in the middle school divisions of all leagues, except for bowl games in tackle football.

Outdoor leagues practice on a first come, first-served basis at the location (or nearby park with approval from Recreation staff) indicated when registering.

Indoor leagues scheduled practice times and locations are determined by staff prior to the season. Teams practice 1-2 times per week, based on availability. In the event of gym cancelations, teams may practice in locations that differ from registration site.

**BASKETBALL**

**Boy’s Junior Rams Basketball**
