DENTISTS AND DENTAL LABORATORIES

This tax guide is prepared and published for the information of the general public and all persons in business pursuits who would be required to make payment of Sales Tax or Use Tax under provisions of Chapter 25, Article III of the Code of the City of Fort Collins (the "Tax Code"), as well as for the guidance of the City employees whose responsibility it is to collect the taxes imposed by the Tax Code and the enforcement thereof. The following guide is exactly as it says, a GUIDE, and not to be relied upon as an official interpretation of the Tax Code applicable in all circumstances. Instead, specific reference should be made to the Tax Code and related ordinances for what is required in any particular circumstance.

DENTISTS

Prosthetic Devices (non-taxable)

A dental prosthetic device custom made for a specific individual is exempt from sales and use tax. Examples of exempt items include, but are not limited to:

gold, platinum, and silver for fillings	alloy, composite & other filling material
temporary cavity filling material	cement & other bonding materials
mercury (mixed with silver to become filler)	cavity liners
teeth, crowns, and dentures	crown forms (temporary tooth replacement)

Taxable Supplies and Materials

The exemption does not apply to dentist's tools, equipment, materials, and supplies. Examples of taxable items include, but are not limited to:

anesthetics and gases	x-ray film, mounts & related products
needles	cotton pellets, rolls, and gauze sponges
paper goods, napkins, bibs, and towels	sutures
impression materials and disposable impression trays	fluoride paste, solutions, and gel
dental instruments and equipment	tooth polishing cups and brushes

Drugs

Drugs such as Novocain and nitrous oxide purchased by a dental practice in bulk form and administered in individual doses to patients are taxable as they are not prescribed for the direct personal use of a specific individual patient but are consumed by the dentist in providing treatment.

DENTAL LABORATORIES

Non-Taxable Items

A purchase made by a dental laboratory, which becomes a constituent part of a prosthetic device to be resold to a dentist, is exempt from sales and use tax.

Taxable Items

Purchases of supplies and materials that do not become constituent parts of a prosthetic device are taxable.
