How the Program Works

Contact the City of Fort Collins Streets Department at 970-221-6615 or by email at sharvey@fcgov.com to get involved. Your organization will receive a designated stretch of road at least one mile long. It will be the group’s responsibility to pick up litter along the street a minimum of 3 times per year (dates are of your choosing). Group participants must sign a release form prior to clean-up. The City will install a sign at each end of the designated after the group performs 3 clean-ups.
