

2011 Residential Environmental Program Series.

The Complete Home Energy Angler.

**Wednesday, March 2, 7–9 p.m.
Drake Centre, 802 W. Drake Rd.**

(Pre-registration is not necessary for this free program.)

If you're among the many people fishing for savings, this program will help you discover energy-saving opportunities just waiting to be reeled in.

Work with local specialists on an inventory tool to identify where you use energy in your home. Develop steps to help you start saving immediately as well as in the long run.

Hear about substantial incentives available for energy-efficiency improvements and replace energy-saving myths with proven cost-effective strategies.

Learn how you can participate in the newly created *Fort Collins Community Energy Challenge*. Discover how your actions can save you money and energy and contribute to a healthier community.

For more information, visit fcgov.com/reps, e-mail utilities@fcgov.com, call (970) 221-6700 or TDD (970) 224-6003.

Presenters

- *Norm Weaver*, Fort Collins Utilities Energy Services, will teach you how to estimate electricity use around your home and present tips for energy savings.
- *Ariana Friedlander*, The Atmospheric Conservancy, will introduce the Community Energy Challenge and explain how you can participate.

Please help us make this a zero-waste event.

Series sponsored by Fort Collins Utilities and Natural Resources Department
