City of  
**Fort Collins**

## **Resilient Communities.**

*February 1, 7–9 p.m.*

Watch *Carbon Nation*, a documentary on climate change solutions and learn about local food and purchasing options.

## **Your Electric Bill: How to Cut Costs.**

*February 8, 7-9 p.m.*

Electricity is becoming more expensive. Bring your bill and learn how much you use, where it's used and how to cut costs.

## **Your Electric Bill: Custom Consultation.**

*February 15, 7-9 p.m.*

Take action with a custom consultation and chart steps to a lower bill. Prerequisites: Attend the February 8 program and be a Fort Collins Utilities electric customer.

## **Beauty and Bugs in Urban Streams.**

*February 29, 7-9 p.m.*

Learn how nature and art are combined and see the wonders of aquatic invertebrates found in local urban streams.

## **Xeriscape from the Ground Up.**

*March 14, 7-9 p.m.*

Discover fresh ideas to convert an area of your yard into a beautiful, water-saving landscape.

## **Xeriscape by Design.**

*April 4, 7-9 p.m.*

Learn tools to design a landscape for year-round enjoyment with water-wise plants.

## **Wild Shots: Local Wildlife Photos.**

*April 11, 7-9 p.m.*

See the amazing behaviors and diversity of wildlife in local natural areas through remote, self-triggering cameras.

## **The Art and Science of Composting.**

*May 9, 7-9 p.m.*

Learn to turn your household's yard trimmings and food scraps into an excellent soil amendment and discover more advanced techniques.

*Sponsored by Fort Collins Utilities and Natural Resources*
